

C&I Luminaire Product Lineup 2026

Quality LED Lighting
for Every Environment

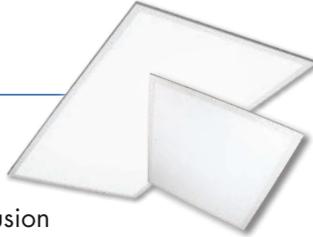

TCP offers lighting solutions for every situation.

Every lighting environment has unique requirements and challenges, and TCP offers lighting solutions that meet those needs. From office lighting that boosts productivity to warehouse solutions that reduce safety risks and misspicks, TCP can provide just the right luminaires for your project.

Indoor Fixtures

DTF Flat Panels

- Available in 1x4, 2x2 and 2x4
- Wattage and CCT Selectable
- Features TCP's Universal Driver
- Backlight technology for full diffusion and excellent uniformity

EUFO High Bays

- Energy efficient design delivers up to 145 LPW
- Wattage and CCT Selectable
- Heavy duty die-cast aluminum housing
- IP65 wet location rated

TRV Volumetric Troffers

- Available in 2x2 and 2x4
- Wattage and CCT Selectable
- Up to 61% more efficient than fluorescent alternatives
- Designed for T-grid ceilings

VTF Vapor Tights

- Frosted PC lens for glare control
- Durable plastic housing
- Wet location rated

VRK Retrofit Kits

- Available in 1x4, 2x2 and 2x4
- Wattage and CCT Selectable
- Up to 61% more efficient than fluorescent alternatives
- Designed for T-grid ceilings

ARC Architectural Strip Lights

- Selectable uplight eliminates cave effect
- Connectable in straight, 90°, or cross section configurations
- Fast coupler link for easy, time-saving installation

HB High Bays

- Wattage and CCT Selectable
- Damp location rated
- 50,000 hour rated life

GPS General Purpose Strips

- Available in 2', 4' and 8'
- Wattage and CCT Selectable
- 50,000 hour rated life
- Mounting options: surface, suspended or pendant

LWR Wrap Lights

- Wattage and CCT Selectable
- Replaces traditional linear fluorescent systems
- 50,000 hour rated life

Residential Downlights

- 4" and 5"/6" sizes
- Available in Snap-In, Retrofit and Junction Box models
- CCT Selectable models available
- Design options include both flat and beveled faces
- Easy to install in both new construction and retrofit projects

Outdoor Fixtures

TAL Area Lights

- Dark Sky Conformance – full cutoff fixture results in zero uplight emission
- Wattage and CCT Selectable
- Mercury-free construction
- IP65 wet location rated

SFL Flood Lights

- Wattage and CCT Selectable
- Knuckle and Yoke mounting options available
- IP65 wet location rated
- Die-cast aluminum housing with impact-resistant tempered glass lens

SWP Wattage/CCT Selectable Wall Packs

- Wattage and CCT Selectable
- Durable construction with die-cast aluminum housing and impact-resistant glass lens
- IP65 wet location rated

CP Wattage Selectable Canopy Lights

- Cast aluminum housing
- IP65 wet location rated
- 1K20 Protection - vandal resistant
- Optional microwave motion sensor

High Lumen Filaments

- Available in A19, ED17, ED23, ED28, ED37 shapes
- E26 and E39 bases, depending on model
- Universal burn position
- Can be used in open or enclosed fixtures
- Instant start

T8 Tubes

- Types available: A, B, A+B, C
- 3CCT and 5CCT Selectable models available
- Battery Backup model available
- 8' T8s
- Single color, single wattage models available

Commercial Downlights

- 5 Selectable Wattages
- Lens & Diffuser models offer 5 Selectable Colors (27K/30K/35K/41K/50K)
- High Lumen Output models are fixed CCT
- Lens version provides 10% more delivered lumens
- Flicker-free design for consistent lighting
- Mounts directly into the ceiling

Technology Cast in a Beautiful Light
