

TCP now offers LED T8 Type AB Tubes. These T8 tubes provide Direct Wire or Plug and Play application and are compatible with many Instant Start Ballasts.

Reasons to choose the LED T8 Type AB Tubes from TCP

- Bypass Application: 120-277 line voltage
- Plug and Play Application: Compatible with many Instant Start Ballasts
- Instant startup

- Double ended construction for safety
- Shunted or non-shunted lampholders
- Highly durable PET Coated glass available

Ideal Applications

Offices

Retail Stores

Restaurants

Lobbies

- Schools
- Hospitals

Specifications:

Base Types	G13
Construction	Double-ended
Wattage	15W
Operating temperature range	20C - 45C
Safety	ETL Classified
Target Replacement Lamps	32W/48T8
Environment	Damp/Dry Locations

Enclosed	Suitable for enclosed luminaires
Rated Life	L70 50,000+ hours
Beam Angle	190°
	300°
	ETL Classified, RoHS Compliant
Warranty Five	e years against defects in manufacturing

Ballast compatibility tests are performed under a controlled lab environment. Field conditions may vary from this type of environment. Ballasts may differ by age and could have undergone revisions under the same item number affecting compatibility. Compatibility may also extend beyond this list. TCP recommends trying a few ballast-lamp combinations in an on-site test to ensure compatibility and performance before a major installation.

TECHNOLOGY CAST IN A BEAUTIFUL LIGHT

For over 20 years, TCP has been designing, developing and delivering energy-efficient lighting into the market. Thanks to our cutting-edge technology and manufacturing expertise, we have shipped billions of high quality lighting products. With TCP, you can count on a lighting product that is designed to meet the needs of the market - that transforms your surroundings and envelopes you in warmth - lighting that generates beauty with every flip of the switch.
