

Anew Lamp

Product Specifications

TCP's Anew lamp brings innovative technology to the standard LED lamp. The light output of the lamp closely matches the sun with a CRI of 98 and a color temperature of 2850K. The Anew spectrum eliminates the blue peak found in most LED spectrums, helping to reduce headaches, eye strain, and fatigue sometimes associated with LEDs. Anew lamps thrive in a hospitality setting and are perfect for those looking to replicate the look and feel of incandescent lamps.

Reasons to choose the Anew Lamp from TCP

- Eliminates the blue peak found in other LED lighting sources
- Covers the entire visible light spectrum
- Perfect, smooth dimming
- Produces significantly less heat than incandescent
- Uses less energy to deliver the same light output - providing instant energy savings
- Excellent color rendering

Ideal Applications

- Commercial
- Residential
- Retail
- Table and Floor lamps
- Ceiling fixtures
- Indoors or outdoors

Specifications

Voltage 120V
Input Line Frequency..... 50/60Hz
Lamp Life (Rated) 10,000 hours
Minimum Starting Temp -22°F/-30°C

Maximum Operating Temp..... 104°F/40°C
Dimmable Yes
Warranty 3 Years
Suitable for use in totally enclosed fixtures

The TCP Anew lamp has a superior spectrum that improves the incandescent spectrum and minimizes the blue peak found in most LED spectrums.

The Anew lamp also offers a 98 CRI that's higher than LED lamps.

Eliminating the blue peak reduces eye strain and fatigue
